

Siddhant Varma

Data Scientist | Machine Learning Engineer | GenAI Developer

✉ siddhant.varma1108@gmail.com 📞 7620798675 📍 Pune, India 🔗 www.siddhant.live  Siddhant Varma

PROFILE

Computer Science graduate with experience in software development, testing, and machine learning. Skilled in Python, data analysis, predictive modeling, and Generative AI with hands-on experience building end-to-end ML applications that deliver actionable business insights.

SKILLS

Data Science & AI: Pandas, NumPy, Scikit-learn, Data Cleaning, EDA, Machine Learning, Predictive Modeling, Prompt Engineering, Generative AI, LLM Applications

Programming & Development: Python, JavaScript, HTML, CSS, React.js, Node.js, Express.js

Database: MySQL, PostgreSQL, MongoDB

Testing & Tools: Manual Testing, Selenium, Git, Postman, VS Code

Business & Analytics: Sales Forecasting, KPI Analysis, Decision-Support Systems

PROJECTS

Employee Retention Prediction using Machine Learning & GenAI, (Capstone)

Built an end-to-end ML and GenAI-powered Streamlit application to predict employee attrition and generate AI-driven retention recommendations.

Twitter Sentiment Analysis

Built a BiLSTM-based NLP application with Streamlit for real-time Twitter sentiment classification.

Telecom Customer Churn Prediction

Built a machine learning model and Streamlit dashboard to predict customer churn using data preprocessing, feature engineering, and model evaluation.

Tanvish Silver House – Billing Software, (Freelance)

Desktop billing software for a bullion business built using Electron, React.js, Node.js, and Redux.

Wiggles & Walk – Pet Care Website, (Freelance)

Designed and developed a responsive pet care website using HTML, CSS, and JavaScript.

PROFESSIONAL EXPERIENCE

03/2025 – 09/2025 Pune, India	Software Testing Intern, SevenMentor Pvt. Ltd. Performed manual and Selenium-based automation testing for an E-Commerce web application; executed test cases, reported defects, and prepared QA documentation.
12/2023 – 03/2024 Coimbatore, India	Web Development Intern, Nexus Info Contributed to front-end development, debugging, and responsive UI design using HTML, CSS, and JavaScript.
01/2023 – 02/2023 Kolhapur, India	Web Development Intern, Malleable Software Pvt. Ltd. Supported front-end development and enhanced web layouts to improve user experience.
04/2022 – 05/2022 Bangalore, India	Web Development Intern, AcmeGrade Collaborated with a team to build responsive web pages and perform basic backend integration while learning Agile workflow practices.

EDUCATION

2021 – 2024 Kolhapur, India	Bachelor of Technology (CSE), Sanjay Ghodawat University
--------------------------------	---

CERTIFICATES

Master Diploma in Data Science & Artificial Intelligence – Boston Institute of Analytics (2026 – Pursuing)

Undergoing structured training in machine learning, AI fundamentals, data preprocessing, and hands-on industry data projects.

Diploma in Full Stack Data Science & Data Analytics with Generative AI – Gamaka AI (2026 – Pursuing)

Training in ML, data analytics, predictive modeling, and Generative AI applications.

Software Testing (Manual & Automation - Selenium) — SevenMentor Pvt. Ltd (Mar-Jul 2024)

Completed 6-month training covering test case design, bug tracking, and automation using Selenium.

Cloud Computing & Distributed Systems – NPTEL (IIT Kanpur) (Jan-Mar 2024)

Completed 8-week course on cloud infrastructure, distributed systems, and scalability concepts.
